4 .Employee-onboarding:

without using volumes:<http://16.16.241.191:8025/>

using Named volumes:<http://16.16.241.191:8026/>

host volumes:<http://16.16.241.191:8027/>

customised images:upendrareddy784/onboarding

The screenshot shows an employee onboarding form with a success message overlay. The form is divided into two main sections. The left section contains fields for Job Title, Company Name, Location, Start Date (dd - 03 - 2025), and End Date (27 - 03 - 2025). The right section contains fields for Start Date (19 - 03 - 2025), Department (computer science), and Position (devops). A success message overlay from IP 16.16.241.191:8025 states "Form successfully submitted!" with an OK button. At the bottom of the form are Submit and Reset buttons.

Highest Degree

B.tech

Institution

Gitam university

Year of Graduation

2030

Upload Degree Certificate

- In the Qualification section of the Onboarding Form, the system allows entering a future graduation year (e.g., 2030).

Address

Street Address

uydgfyegfyfgf#@\$@

City

&^\$\$\$\$\$

State

JSUDU@##%

Zip Code

583104

- in the Address section of the Onboarding Form, the Street Address, City, and State fields allow users to enter numbers and special characters, and the form can still be submitted.

Experience(optional)

Job Title

engineer

Company Name

lenovo

Location

hyderabad

Start Date

19 - 03 - 2025

End Date

27 - 03 - 2025

- In the Experience section, the Start Date and End Date fields allow users to enter dates with only a one-week difference, and the form can still be submitted. Validation should be implemented to ensure a reasonable duration for experience entries.
